

# Create a Sky Vessel!

*The Kharadron Overlords are masters of the skies, fearless duardin aeronauts who prize profit above all. They sail the clouds in steel-clad vessels armed to the teeth with cannons, bombs and bullet-spraying deckguns, matching the raw fury of daemons and monsters with devastating firepower. These technological wonders are powered by the lighter-than-air mineral known as aether-gold – the lifeblood of the great Kharadron empire.*

*Use your engineering skills to create your own Sky Vessel. Think about adding custom components to make it better at mining the aether-gold.*

1. Select the parts you'd like to use to make your vessel and colour them in.
2. When you are happy with your colour scheme, carefully cut them out. Ask an adult before you use scissors.
3. Arrange the parts below and once you are happy with how your vessel looks, glue down the pieces.
